## CANOLA MEAL

PROTEIN\*

**35%**

ENERGY\*

**13.3 MJ/KG**

MSM Canola Meal is produced using a unique expeller pressing technique which ensures a quality non-solvent meal with a high fat content

Provides a valuable source of energy, protein and amino acids for animal feed

Contains more than 50% bypass protein as a percentage of crude protein

*\*Typical Analysis*

Ruminant production is largely driven by Metabolisable Protein (MP). MP is digested through the small intestine to drive ruminant production.

MSM Canola Meal has high levels of reactive lysine, which is heat sensitive (protein). High reactive lysine levels are an indicator of high protein availability.

MSM Canola Meal is also a high-energy (ME) supplement with high levels of oil, sugar and starch.

## Specification (DM Basis) Typical Analysis

|                      |           |
|----------------------|-----------|
| Metabolisable Energy | 13.3MJ/kg |
| Moisture             | 11%       |
| Crude Protein        | 35%       |
| Crude Fibre          | 11%       |
| Oil                  | 8.5%      |

# CANOLA MEAL

## INGREDIENTS:

High quality, MSM Expeller Pressed Non-GM Canola Meal.

## FEEDING GUIDELINES:

- MSM Canola Meal can be mixed with grains, silage and other feeds
- When mixed with other suitable ingredients, Canola Meal can be fed in trough or self-feeder situations
- Canola Meal is palatable, but like all products it can take a few days for livestock to adapt to ration changes after introduction
- The product is best fed in a balanced ration
- Always provide clean fresh water

## OTHER:

MSM Canola Meal is available in bulk (min. 15MT order) and 1MT Bulka Bags.

- Like all stockfeed, Canola Meal should be stored under cover in dry sheds, bulk bins or concrete pads and be protected from weather
- Every environment is unique and inclusion in a ration will depend on the composition of the total diet available, the class of livestock and weight or performance required
- Does not contain any Restricted Animal Material
- Should only be used for animals
- Withholding periods Meat and Milk: NIL

*Please use the feeding method as a guide only and ensure meal is introduced gradually.*
