

Our Site Uses

AgriDigital

1 Get your info on-the-go

If you store, purchase or sell grain at an AgriDigital-powered site, stay updated with real-time notifications sent to the contact details listed on your primary National Grower Register (NGR) account.

Deliveries to Site Operators through email or SMS alert

View Your:

Contracts created with a participating Trader

Recipient Created Tax Invoices (RCTI) and updates

Each email notification includes a public link for a quick and easy view when on-the-go.

 **Pro-Tip:** If you haven't received email notifications, check your spam folder.

2 Want SMS delivery notifications?

Once you log into your AgriDigital account for the first time you will start receiving delivery notifications as SMS messages. These messages are sent to the mobile number connected to your primary NGR account.

If you haven't activated your AgriDigital account or don't have a mobile number registered on your primary NGR account, delivery notifications will be sent to your email address on file with NGR.

3 Log in to view Inventory, Prices & more...

For quick access, scan the QR Code on your mobile device to access the AgriDigital Log-in page.

Enter your email address linked to your primary NGR account and password, then click the green 'Login' button.

Forgotten your password? or First time Logging in?

If you haven't set up a password or this is your first time logging into your AgriDigital account, click 'Don't remember your password' and enter the email linked to your primary NGR account to send instructions. You will receive an email asking you to reset your password.

 **Pro-Tip:** Keep your NGR details updated and notify your site operator of any changes.
